LEADER BOARD TRIPLE PACK

Tri Pack

Play Like Pros!

Three "Famous" courses are featured along with a 4th course designed specifically for this series. Each course features a scorecard printout, a top view, a course editor and an all new "punch" feature which lowers the trajectory of the ball and assists in tree play. Each hole authentically reproduces the distance, traps, trees, rough and water hazards. Requires World Class Leader Board.

LEADER BOARD TRI PACK. Get all the fun and aggravation of real golf competition. The Triple Pack features 10 different realistic 3-D simulations. **Leader Board** — golfers face the challenge on 1-of-4 different courses that demand intense strategy, concentration and control to come in under par. Compete at 3 levels of play. **Tournament Disk #1** — Features 4 slightly more advanced courses. Each course requires an excellent shot in order to stay out of trouble. **Executive Tournament Disk #1** — Features two 18-hole golf courses that involve water hazards, sand traps, trees, and more. Mavis Beacon Teaches Typing Faster Than Any Other Program On The Market

MAVIS BEACON TEACHES TYPING. Forget the simple letter drills — when was the last time anyone typed "asdffdsa" at work? Using a combination of artificial intelligence and striking graphics, this program **teaches typing faster than any program on the market.**

Each lesson is tailored for work in the real world from a database of over 1,000 passages from history's greatest writings. For youngsters, Mavis offers jokes, riddles, rhymes, interesting facts and records from The Guiness Book of World Records.

Mavis "speaks" to her students in complete, conversational sentences as she analyzes typing errors and progress — with more than just "bleeps" when an incorrect key is hit. She even senses when the student is tired and suggests a break at the Indy Racer game!

Many other features are included in this outstanding typing tutor, such as: a metronome selection, Dvorak keyboard option, a resume writer, user-designed lessons, and suggestions for business teachers developing their own lessons.

Waiting For Programs To Load? Speed Them Up With Fast Load!

FAST LOAD. Tired of waiting forever for your Commodore 64 programs to load? It's no use glaring at your drive. Calling it names won't help, either. You need the FAST LOAD CARTRIDGE from Epyx. Programs that once took minutes to load are booted up in a matter of seconds. Load, save, and copy your disks 5 times faster than normal. It plugs into the cartridge port of your Commodore 64 and goes to work automatically, loading your disks with ease. You can copy a single file, copy the whole disk, send disk commands, and even list directories without erasing programs stored in memory. FAST LOAD works with most programs, even copy-protected ones. So why waste time waiting for your disks to load?

Inkwell Systems

"The best drawing program around"
— Midnight Gazette Software

FLEXIDRAW VERSION 5.5. This version of the ultimate drawing program has more features than ever. You can still use a light pen as your input tool (sold separately — see below), or you can use a mouse, joystick or Koala pad. Whether you are doing simple free-hand sketches or complex CAD-type drawings, Flexidraw has the power you need with its top quality hi-res graphic input and editing system. The master disk has the main drawing routines for use with the light pen, as well as sample drawing library, symbol templates and a music synthesizer program. A programming mode lets you access the drawing routines from BASIC. The sprite editor/animator adds a great plus to FLEXIDRAW — there's no easier way to edit sprites than with a light pen. The most powerful feature is the ability to use a set of symbols (yours or ours) which can be moved to a second work screen and added to a drawing.

FLEXIDRAW is easy to use due to the sophisticated menu system which is similar to those of large computer drafting systems; maximum detail is possible. Free-hand drawing is very smooth because of an "averaging" function that filters out noise and jitter. From Inkwell Systems.   Sug. Retail $34.95

Give Your Commodore a Brain Transplant!

Introducing

GEOS 2.0

If you are one of the few Commodore 64 owners who doesn't own GEOS, now is your chance to enter a new world that combines ease of use with incredible power and capability.

If you already own GEOS, now is the time to invest in an upgrade that not only offers more speed, power, and versatility but includes more applications than ever before!

GEOS 2.0. When GEOS was first introduced as a graphic operating system for the C-64, users were amazed at what the "lowly" machine could do. GEOS provided a Macintosh-like icon based interface, plus the graphics-oriented word processor, geoWrite, and art program, geoPaint. It was a feat nobody thought could be topped.

Well, somebody has topped the original GEOS, and it's none other than Berkeley themselves. Their new product, GEOS 2.0, not only is chock-full of new enhancements, but now includes **seven applications** plus five pop-up desk accessory features.

For starters, GEOS **deskTop** is your starting point in the world of GEOS. It is a powerful graphic interface that lets you manipulate files, run applications, etc. without having to learn confusing commands. The new deskTop supports up to two drives (including 1541, 1571, and 1581) and a 1750 or 1764 RAM Expansion, and permits even easier file handling. You can select multiple files, recover most recently deleted files, copy disks faster and more easily, sort files by size, type, date, or name, and more.

geoPaint is a full featured color graphics editor for creating high resolution, full page (up to 8½" x 11") graphic images, charts, and diagrams. With geoPaint, you can select from 16 colors, 14 graphic tools, 32 brush shapes, and 32 patterns; cut, copy, paste, invert, rotate, and reflect images; integrate text with graphics; stretch and scale graphic images; create overlay effects; zoom in for pixel editing; and even preview a full page prior to printing.

GEOS 2.0 now includes all the applications that were originally part of Writer's Workshop and had a retail price of $49.95. **geoWrite 2.1** is an enhanced version of Berkeley's full featured "what you see is what you get" word processor. Text appears on the screen exactly as it will print out. geoWrite 2.1 lets you format paragraphs individually; expand margins to a full eight inches; justify text (right, left, center, and full); mix text and graphics; preview a full page; create headers and footers; insert, delete, copy, and move text; search and replace; use decimal tabs; paginate, and more.

geoSpell is a complete spelling resource that now scans text 38 percent faster than older versions. You can actually view the dictionary while spell checking, quickly locate and correct misspelled words, and even create and maintain personal or specialized dictionaries of your own.

Text Grabber is a conversion utility that lets you import files from PaperClip, Easy Script, Speed Script, Word Writer, and other word processors. This way, you won't have to retype any of your current documents that you may want to use with GEOS. **geoMerge** is an adaptable mail merge program for generating personalized form letters and labels. **geoLaser** lets you use an Apple Laser-Writer to produce near-typeset quality documents. **Print Drivers** is an application for producing professional-looking documents with multiple columns and/or logos, borders, and other graphics.

Desk Accessories include five pop-up utilities — calculator, note-pad, alarm clock, preference manager and photo and text albums and managers. The new version lets you cut and paste data from the calculator and notepad directly into applications, name each graphic or text item in an album, and select an item by name. The last application included is **diskTurbo,** which lets GEOS programs load five to seven times faster.

GEOS 2.0 now supports more than 70 popular printers in draft, near letter quality, and high resolution printing modes. Whether or not you own the original GEOS, you owe it to yourself to find out what a Commodore 64 can really do!

GEOS 128. GEOS 128 owners have the choice of choosing the more powerful 80-column 128 mode. GEOS 128 includes several new programs. First, it includes a C128 mode geoWrite word processor, which makes good use of the 80-column display and the faster disk access. The package also includes geoPaint 128, a powerful graphics tool, plus the notepad, scrapbook, and calculator desk accessories; and the latest set of printer and input drivers. The GEOS package takes advantage of many of the C128's features, including the "fast" mode and special function keys. With a 1700 or 1750 RAM expander, you can set up a RAM disk for truly blazing speed. Find out how powerful your C128 really is — step up to the GEOS now!

GEOPUBLISH

GEOPUBLISH. When GEOS first arrived on the Commodore scene, people could not believe that a mere software package could so dramatically transform their computer.

geoPublish actually does things that some expensive Macintosh programs don't — for instance, you can "pour" your geoWrite document into column after column, page after page. The text will automatically flow around any graphics you have placed. geoPublish features an array of artistic tools to spark your creativity and make publishing easy — you can resize text, change fonts, and insert or delete graphics anywhere on the page. A scaling tool lets you shrink or enlarge your artwork. You can even place text over graphics (or vice-versa) if you want. For eye-grabbing headlines, geoPublish includes extra large "megafonts." One other key feature: geoPublish lets you integrate text and graphics from the entire GEOS family of programs, so you can create great looking documents that combine text, graphics, tables, charts, etc. Start making headlines today! Requires GEOS.

DESKPACK PLUS™ gives you 3 great desk accessories and 3 applications designed for use with GEOS™ and GEOS 128™: **geoDex** is an electronic "card file" that gives you total recall of names, addresses and phone numbers. You can organize this data by group, or alphabetically. It even has autodialing. **geoMerge** is a mail merge program that lets you merge groups of addresses from geoDex so you can produce inventory, price tags and data lists with geoFile™. The **Graphics Grabber** lets you transport hundreds of clip art graphics from Print Shop™ and Newsroom™ for use with geoPaint™, geoWrite™ and geoPublish™. Use the exact graphic you want placed exactly where you want it. The **Icon Editor** gives you the power to personalize existing icons or create originals. Your icons tell you at a glance what each of your files contains.

The **Calendar** organizes your time through the year 9999 and lists important appointments. **Blackjack** completes this package as you play the dealer in this classic game of chance. Place your bet, check your hand. Raise the stakes or let it ride. All these great features in one package means that you'll enter an entirely new computing experience with GEOS. Requires GEOS Version 1.2 or higher or GEOS 128 and joystick. Only from Berkeley.

— Sturdy Metal Frame with Speaker!
— **Full 1 Year Warranty Plus the TENEX Satisfaction Guarantee!**

NOW is the time to **design your dream system** . . . order any of these components together with the TENEX Turbo PC/XT above and we will install them and test your system **for no extra charge!** All components are backed by a **full 1 year warranty.**

For this breakthrough price, you have a complete system with **more** computing power than the IBM PC/XT! Take your system out of the box, plug it in, connect your monitor and printer . . . and off you go. Run Lotus 1-2-3, dBASE III, Wordstar, Flight Simulator, and the thousands of other PC software products. Full-size metal chassis gives you 8 expansion card slots **and** room and power cables for 4 half-height disk drives.

You choose the speed of calculation: standard 4.77 MHz or **8** MHz. Zoom through programs 1.6 times faster than the IBM PC/XT (Norton benchmark).

The detachable keyboard mirrors the famous IBM AT in looks, quality, and feel. Features 10 function keys, numeric keypad, extra large shift and return keys, and lighted indicators for scroll, caps, and number lock.

Your TENEX Turbo PC/XT will accept IBM compatible components, giving you flexibility in expanding your system and security in the event repair is needed. And remember your TENEX technical staff services what we sell!

No corners have been cut in producing this incredible system for this amazing price . . . we just used our same purchasing power and Ph.D. technical staff we use to bring you the other terrific products found in our catalogs. Note: an IBM compatible disk operating system (DOS) is required. Use your own or choose one listed on opposite page.
K74864 Turbo PC/XT Plus, Mono System **$595.00**
K74875 Turbo PC/XT Plus, Color System **$595.00**
(Please include an additional $10.00 to our regular shipping charges.)

The Hard Disk Difference

With a hard disk system, gone will be the endless disk shuffles. Load and run your software in seconds without floppies. Save your data the same way. A must for the intensive computer user and sure to spoil the rest of us. You have (almost) instant and effortless access to 2,000K (20Meg) or more of storage. Compare this to 360K on the normal double-sided double-density floppy and you can see why hard disks are so popular.

With TENEX's incredibly low prices, you can enjoy the speed and convenience of the best hard disk systems! Remember, **free installation and testing when you order together with a TENEX IBM compatible computer.**
20 MEGABYTE HARD DISK SYSTEM (FOR PC/XT). The Famous Seagate ST225 internal hard disk system. Complete with controller card and cables.
K67345 20 Meg. System **$279.95**

20 MEGABYTE HARD DISK (FOR TURBO 286 OR OTHER AT COMPATIBLES). Internally mounted 20 Meg. Seagate hard disk for the AT and compatibles.
67771 20 Meg. for AT **$299.00**

MICROSOFT MS-DOS 3.3 This is Microsoft's latest operating system that is compatible with both floppy and hard disks. So if you need DOS for your new Turbo, look no farther. Also included at no extra cost is GW-BASIC. Includes all documentation.
74297 MS-DOS 3.3 **$109.00**

"AT" COMPATIBLE

FEATURE PACKED
995⁰⁰

Completely compatible with IBM's AT, but can operate at either 8 or 10 MHz! Comes complete with all this: 640K RAM (expandable to 1 Meg. on motherboard), clock/calendar with lithium battery, one 1.2 Meg. ½ height floppy drive, parallel printer port, color graphic OR monochrome graphic monitor adapter, and AT style keyboard. Full-sized metal AT style case with key lock and indicator lights, and 200 watt power supply. You have to try our machines to truly believe the quality, performance and true compatibility.

Color card is compatible with RGB color monitors (IBM's CGA standard). Monochrome card is compatible with TTL monochrome monitors. All support Lotus graphics. For the ultimate in color resolution, consider the great enhanced graphics adapter (EGA) system described on opposite page.
K74880 Turbo 286, Mono System **$995.00**
K74894 Turbo 286, Color System **$995.00**

(Please add an additional $15.00 to our regular shipping charges.)

micro Pal ®

The 39¢ Diskette!

Lifetime Warranty!

MicroPal Diskettes are one of the best-selling items in our catalogs (we've sold literally hundreds of thousands of these diskettes). They are an excellent buy in our quantities of 50, and their reliability, lifetime warranty and risk-free trial mean you are sure you get your money's worth!

Here's What You Get
Diskettes are packaged in boxes of 50. Each box includes diskettes in sleeves, labels and write-protect tabs. All diskettes have hub reinforcement ring and write-protect notch.

Certified Quality
MicroPal Diskettes are first quality, prime diskettes (no seconds). Each one is individually certified to be 100 percent error free at levels equal to or above ANSI, ECMA and ISO standards.
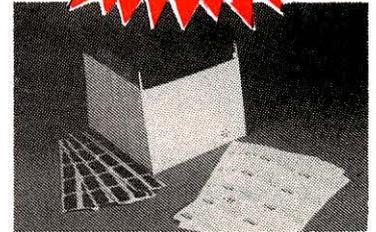

Lifetime Warranty Plus Risk Free Trial
We offer a double guarantee of satisfaction:
1) All diskettes are backed by a lifetime warranty. If you ever have a problem, we'll replace the diskette.
2) To let you discover what a great value these diskettes really are we'll let you try them risk free. Buy a box. If within 30 days you aren't happy with the diskettes for any reason, return them to us for a prompt refund. No questions asked!

Part No.	Description	Box of 50
32391	5¼" Single-Sided, Double-Density Diskettes	**$19.50 (39¢ each)**
32403	5¼" Double-Sided, Double-Density Diskettes	**$24.50 (49¢ each)**

PLEASE NOTE: Single-sided disks are for use in single-sided drives like the 1541. **Double-sided** disks are for use in double-sided drives like the 1571 (in some modes) or IBM compatible drives. Single-sided disks and double-sided disks look absolutely identical; the only difference is that on the latter the second side is tested and certified error free. To access both sides of a disk when using a single-sided drive, you must add a second notch and physically turn the disk over. See Disk Doubler on page 50.

OKIDATA®

The Compatible, Speedy, Versatile,
Affordable Printer For Everyone!

180 CPS

Our Best Value Ever!

We have never before offered a printer this fast at such a low price!
Built-in Commodore **and** parallel interface.

OKIDATA 180. Take a turn for the better with the OKIDATA 180, the one printer that's compatible with most computers! Here's a state-of-the-art general purpose printer with a **dual interface.** The Commodore serial interface allows you to easily connect to the Commodore C64 or C128, while the Centronics parallel interface connects to IBM and IBM compatible computers. Other computers which require a parallel interface (Apple II, II+, IIe, Atari ST, Commodore Amiga (FX Mode) and virtually all CP/M and MS-DOS computers) can also be used with OKIDATA 180.

The ergonomic "one touch" front panel is designed to give you instant access to frequently used features — mode selection, pitch selection, line feed, form feed. Text and graphics print out lightning quick at 180 cps in high speed draft mode and 120 cps in utility mode. Near-letter-quality text prints at a speedy 30 cps. Includes both friction feed (for letterhead, envelopes, etc.) and fixed tractor for standard width perforated edge.

Here's a printer for the long run. The printhead is rated for a life of 200 million characters. Ribbon life is 3 million characters. And the OKIDATA 180 is backed by a one year warranty. With great features, compatibility, speed and low price, the Okidata 180 means real value.   Sug. Retail $329.00

EPSON®

Everything You Need For Affordable, Professional Quality Printing

LX-800. It's Epson's lowest-priced printer, but don't let that fool you. It can fly! The LX-800 prints out 180 cps in draft mode, or 30 cps for near-letter-quality mode, in Roman or Sans Serif fonts. And changing typestyles is as simple as pushing a button. What's more, the LX-800 is fully IBM compatible, and comes with both tractor and automatic single sheet feed — at no extra cost. Plus, there's Epson's one year limited warranty, and their 20 year reputation for making dependable printers. A great combination of performance and value. Requires parallel (Centronics) interface. NX-1000. This printer has been specifically designed for those who insist on quality, capability and reliability. The NX-1000 gives you the choice of pitches and print styles like: Courier, Sanserif, Orator-1 and Orator-2 type styles, in a choice of Pica, Elite, Condensed Pica and Condensed Elite. Italic is available in all print modes. Get **near-letter-quality** at 36 cps, and high-speed draft quality at a blazing 144 cps. With the aid of the new paper parking function you can now use the single sheet feeder without removing the tractor feed. "Push" style tractor reduces paper waste (you don't have to advance to the next page to remove your work.) The operator panel has been designed for easier use and enables soft-touch selection. The control panel also features LED indicator lights for instant confirmation of power, type styles, print pitches, and on-line status. Extra features like enlarged and proportional printing are also included on the NX-1000, a printer that easily outdistances all other printers in its class.

Commodore Ready Version

NX-1000C. This is the Commodore-ready version of the NX-1000 (above). You can just plug this one in and start printing — no additional interfaces or cables are required. While many users prefer to buy the parallel version and use a separate interface (usually for more flexibility — some interfaces may allow more fonts or graphics, and a parallel printer can be used with other brands of computers such as IBM, Apple, and others,) the NX-1000C offers outstanding features at a very economical price.

BLUE CHIP PRINTERS

True Letter Quality For Only 109⁹⁵
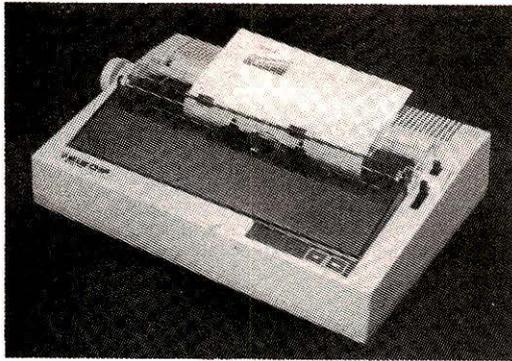

— **Commodore Ready — Just plug it in**
— **Boldface, Underlining, Superscripts, Subscripts and more**
— **High quality printing for letters, reports, assignments, etc.**
— **Compare to printers costing hundreds more!**

The Blue Chip Word Processing Printer is by far the best value we've ever offered on a true letter quality printer. With it, you'll print your correspondence in type that looks just like an expensive electronic typewriter — that's right, fully formed letters, no dots. Even if you already have a printer, the Blue Chip will be a great addition to your setup for those times when you want your documents to look their very best.

You might think that at this low price the printer would lack important features. In fact, it has features found only on far more expensive letter quality printers, such as **boldface,** underlining, superscripts, subscripts, adjustable line spacing, pica and elite printing, and more. The Blue Chip features bi-directional speed of over **150 words per minute.** Its friction feed mechanism operates just like a typewriter's with a paper release lever and paper advance knob, so you can use it for letterhead, envelopes, typing paper, etc. The Blue Chip is Commodore-ready — just plug it into the serial port of your C64 or C128 using the included cable, and you're ready to go. The Blue Chip uses standard Brother Daisywheels, so you'll be able to easily find additional type styles to suit your needs. Included with the printer is a high quality black ribbon that lasts for 70,000 characters.

Because we made a huge purchase of an overstock in these great printers, we can offer you unbelievable savings. But our supply is limited, so don't miss this fantastic bargain — order yours today, and find out how good your documents can really look! Six month warranty.

TAC 5™. Introducing the latest in joystick technology from Suncom . . . the TAC 5 joystick controller. With its innovative MicroSwitch Array Technology, the TAC 5 responds instantaneously to your commands with a level of smoothness and agility that makes it a standout from other joysticks. Including 3 "fire" buttons, the TAC 5 allows you versatility, too. Two buttons are located on the base and the third is on the handle. They give you the fastest possible firing and diagonal response.

So durable is the TAC 5 and so convinced is Suncom of its longevity that they include a lifetime limited warranty. Its five and one-half foot cord and direct hook-up to your Commodore makes the TAC 5 a leader among joysticks. Only from Suncom.

EPYX™

Introducing

The World's First High Performance Joystick!

EPYX 500XJ JOYSTICK features a molded design that conforms to the palm of your hand for a comfortable, natural fit without feeling delicate or unable to withstand the rigors of intense use. You'll shoot more accurately, more quickly and with much less fatigue. The unique shaft switches allow you to not only feel, but hear each and every move of the stick for the most exacting control you've ever imagined. You'll conquer all those games in which you just couldn't get past that certain level of scoring and you'll enjoy those games even more. Its trigger finger firing was designed with accuracy in mind and the short and precise "throw" (the distance that the stick moves) makes the 500XJ as responsive to your commands as are your own hands.

The EPYX 500XJ Joystick scores significantly higher, faster and easier than any joystick ever made! Epyx is so confident of the 500XJ and its abilities that they include a 5 year warranty. There is, however, only one thing you'll ever break with this joystick — your previous high scores! From Epyx.

WICO

The All American Performer!

WICO BLACK MAX JOYSTICK delivers all the great features you've come to expect from the world's greatest name in joysticks. In a world where performance is measured by the number of Alien kills, the Black Max sets all new standards. It performs like no other. Its big grip-style handle gives you command control over all video games and the stick-mounted fire button reacts instantaneously to your every input. And the heavy-duty cable is specifically designed to minimize screen interference.

Designed, crafted and packaged entirely in the U.S.A., the Wico Black Max Joystick will give you just the advantage you need to conquer your favorite video games. Its high quality and low price also make it an unbeatable winner. 90 day warranty. Only from Wico.

See special offer on next page!
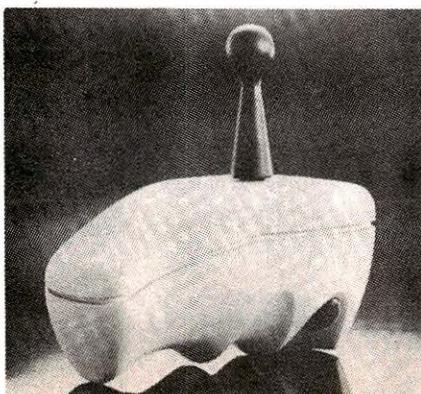

ERGOSTICK JOYSTICK. This is the cutting edge of joystick technology. It's the Ergostick Joystick and you'll be amazed at its innovations. Unlike all other joysticks, the Ergostick is literally formed around the human hand which optimizes the operator's hand/eye coordination. Its soft, skin-like texture combined with its design minimizes physical and mental fatigue and gives it a degree of versatility and function previously unknown to joystick users. For instance, it fits both large and small hands while placing the "fire" button directly adjacent to the index finger. Such a design allows you and the joystick to work as one without the delay of fumbling for the "fire" button.

Like all Wico products, the Ergostick is built with speed, accuracy and durability in mind. It's the shape of the future and will rocket your previous high scores into a new dimension. 90 day warranty. From Wico.

Cartridge Port Extender

Best Seller!
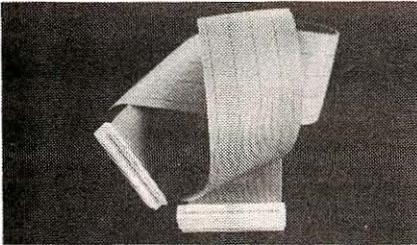

CARTRIDGE PORT EXTENDER. Are you cramped for space behind your computer? Is it hard to reach your cartridge port to plug-in or swap cartridges? This handy cable is your solution.

The cartridge port on the C64 and C128 is unfortunately located in a somewhat awkward position — horizontally in the back, where it is hard to reach and impossible to see. Many users have installed cartridge expanders, which not only let you switch cartridges easily but also places them vertically for easier access. The cartridge expander, though, takes up a few more inches of table space — no problem for most users, but a drawback for those working in tight quarters. This cable connects to the cartridge port in back of the computer and lets you plug in your cartridge to its other end. Since the cable is flexible, you can locate the cartridge up to 11" away for easier access and more efficient use of table space.

Double Your Storage By Using The Unused Side Of Your Disks!

DISK DOUBLER. The Commodore 64 uses single-sided disks. As you may have noticed, however, these disks actually have magnetic media on both sides. Even though the back side of a single-sided disk isn't certified, in almost all cases it is identical to the front side in quality and capability. With our Disk Doubler, you can punch a new write-protect notch on the opposite side of the disk and use the "hidden" second side. The Disk Doubler is easy to use — just slide the disk in, squeeze the button, and a perfectly located notch is punched in the disk jacket. No measuring, no guesswork . . . the notch is in exactly the right place each time! This handy device will pay for itself the first few times you use it.

Telecommunications

ENTER THE EXCITING WORLD OF TELECOMPUTING!

One of the most popular uses of home computers is to "talk" to other computers and computer users. The diversity of on-line services is staggering — from the latest news to airline schedules, from stock prices to interactive adventure games, from electronic mail to patent searches — all you need is your computer, a modem, terminal software, and a phone line. In addition to the national on-line databases like the Source, CompuServe, Dow Jones, and others, there are hundreds or even thousands of local "bulletin boards" run by user groups or individual enthusiasts. Telecomputing is so much fun and offers such a variety of activities that for many users it is the principal use of their home computer.

Our Shipping & Return Policy

Your charge card is never billed until your order is shipped! If we must send you partial shipments, your charge card is only billed for the items shipped.

SHIPMENT. Most items are shipped via UPS. Other modes of shipment include Parcel Post and, for certain heavy items, common truck carrier. TENEX maintains an extensive warehouse with over 50,000 items in stock, and automated systems are in place to speed your order to you. Rapid shipment benefits both you and us. Items not in stock may require 2 to 6 weeks.

DAMAGE. We inspect each item before shipment. Please examine your packages carefully when you receive them, and REPORT ANY DAMAGE TO THE CARRIER. No replacement merchandise can be issued unless a damage claim has been filed with the shipper.

RETURNS. Defective products may be returned for replacement within 30 days of receiving them. Items returned for replacement MUST include original packaging materials and any manuals, cables, warranty cards, etc. included in the original package. (For your convenience and protection, do not discard packaging materials or mail in warranty cards until you are certain the product is working properly.) **Please write or call our Customer Service Department for a Return Authorization number prior to returning any items to TENEX.** All returns must be shipped to TENEX freight prepaid. All items are subject to inspection by TENEX prior to issuance of replacement merchandise.

APO, FPO, ALASKAN, HAWAIIAN, CANADIAN. All payment must be in U.S. Dollars. Checks drawn on Canadian or foreign banks cannot be accepted. Canadian Postal Money Orders payable in U.S. funds are acceptable. VISA, Mastercard or American Express are the preferred methods of payment. **APO, FPO, Alaskan, Hawaiian, Canadian, Puerto Rican, Virgin Islands, Guam orders:** add $4.00 to shipping and handling charge to cover postage and insurance cost. Contact us about charges for bulky and/or heavy items. **Foreign orders other than above:** add $8.00 to shipping and handling charge. If ordering large or heavy items, consult desired carrier for estimated freight charges and include with order, or contact us prior to ordering for a freight estimate. If funds included with order are inadequate to cover shipping costs, we will notify you by airmail. Postage or freight and insurance charges will be billed at actual cost on credit card orders.

PRICES. All prices are subject to change without notice. You will be notified of any change at the time of order placement, or prior to shipment on a non-stock item.

SPECIFICATIONS AND PRODUCT AVAILABILITY. Specifications and product availability are subject to change without notice. We have made every effort to be accurate in the specifications and descriptions included in this catalog, but cannot guarantee accuracy or completeness of said specifications and descriptions.

PAYMENT METHODS: For fastest shipment, VISA, MASTERCARD, AMERICAN EXPRESS, a cashier's check, certified check, or money order may be used. Personal checks are also welcome — please allow about 10 extra days for shipment. Purchase orders will be accepted from qualified institutions and firms; please inquire.

IF ORDER FORM HAS ALREADY BEEN USED, please write your order on a plain sheet of paper or order by telephone using our convenient toll-free number. If you send your order on plain paper, be sure you include your name and address, the catalog number of each item ordered, and the appropriate shipping charge. If you would like us to send you additional order forms, please write or telephone us.

WARRANTIES. All of the products offered by TENEX feature a manufacturer's warranty or guarantee. Information about the type or length of coverage of any item is available by calling or writing our Customer Service Department. Generally, warranty service on equipment can be obtained by either shipping or taking the unit to the nearest service location for that manufacturer, along with your receipt and/or other information required by the manufacturer.

If You Have Questions About Your Order . . .

For questions about your order, call (219) 259-7051 between 8 a.m. and 5 p.m. Eastern Standard Time, Monday through Friday. No collect calls, please.

For faster service, provide us with the date of order, your customer number, order number, items in question, how order was placed, and name as it appeared on the order.

From The Creators Of Copy II Plus Comes... Copy II 64/128

COPY II 64/128. Protect your software investment! Make backup copies of protected and unprotected computer programs. Central Point's state-of-the-art technology enables you to make copies of many of the most sophisticated protection schemes! You'll have a backup handy should misfortune befall your original disk.

Put it in gear and go!
COPY II is completely menu-driven. Select which function you want from the main menu and COPY II tells you what to do all the way. COPY II even knows which mode you're operating in (64 or 128) and which drive you're using (1541 or 1571) — automatically!

Speed it up!
COPY II can backup your disk in 2 minutes on a single drive system. Or take advantage of your 2 drive system, make backups in just 1 minute! Format a new or re-used disk in less than 10 seconds. Load your programs several times faster using the Quick Load feature.

Put your 128 to work!
COPY II really uses the Commodore 128 mode. It's not just a C64 program in a C128 wrapper. Commodore's 1571 disk drive is also fully supported.
