Instructions

This program is for the Commodore 64 or the Commodore 128 in 64 mode.

The disk drive should be on at all times when operating this program.

Place the BASICally SIMPLE program disk in the disk drive. Type LOAD"*",8 and hit [RETURN]. After the program has loaded, type RUN and hit [RETURN].

After the introduction has played, the main menu will appear. Enter the number of the program that you wish to see and hit [RETURN]. The program will automatically load and run. Within each program are sub-menus of the various Basic 2.0 commands, statements and operators. Enter the number of your selection and hit [RETURN]. All other instructions will be displayed on the screen.

If you wish to skip the introduction in the future, you may do so by typing LOAD"MENU",8 and hitting [RETURN]. After the program has loaded, type RUN and hit [RETURN]. The main menu will appear.

To see the directory of all programs on the disk, type LOAD"\$",8 and hit [RETURN]. After the directory has loaded, type LIST and hit [RETURN].

Since this is an instructional disk, all programs on this disk may be listed. You are encouraged to do so. Perhaps, you may discover a useful programming technique.

You are encouraged to make a backup copy of the program disk for your personal use. You may do so with any C64 copy program.
